

# 16th International Conference on Home Mechanical Ventilation 7th European Respiratory Care Association Congress

## SYMPOSIUM SPACES

March 3-5, 2022

Cité Centre de Congrès Lyon (France)

| <b>MARCH 3, 2021</b> | <b>ROOM 1</b>  | <b>ROOM 2</b>   | <b>ROOM 3</b>  | <b>ROOM 4</b>   | <b>ROOM 5</b>   |
|----------------------|--|---|--|---|---|
| <b>13:00 - 14:00</b> | Acute and Chronic NIV.<br>Where have we come from:<br>what have we learnt? |   |  |   |   |
| <b>14:00 - 15:30</b> | <b>Lunch break</b>   |   |  |   |   |
| <b>15:30 - 16:00</b> | COPD, NMD & Obesity:<br>important messages<br>from the past 3 years        | Ventilatory support<br>in children                            | Tools for chronic NIV  | Ethical<br>considerations   | Airway clearance at<br>home with invasive and<br>non invasive ventilation |
| <b>16:00 - 17:30</b> | Emerging therapies<br>in NMD   | Respiratory problems<br>and Covid-19 : what<br>have we learnt | Respiratory muscle<br>training: physiology &<br>new applications | Supporting patients<br>& caregivers: What<br>do they really need? | Simulation and<br>physiology of ventilation<br>(NIV & MV)                 |
| <b>17:30 - 19:00</b> | <b>SYMPOSIUM (90 min)</b>  |   |  |   |   |

| <b>MARCH 4, 2021</b> | <b>ROOM 1</b>                                   | <b>ROOM 2</b>   | <b>ROOM 3</b>  | <b>ROOM 4</b>   | <b>ROOM 5</b>   |
|----------------------|---|---|--|---|---|
| <b>08:30 - 10:00</b> | Beyond NIV in COPD                              | Mouth piece ventilation (What where and how)                    | Years in Review Pediatrics in the last 3 years               | What is new in Airway Clearing Techniques (acute & chronic) | Tracheostomy in long term home mechanical ventilation |
| <b>10:00 - 10:30</b> | <b>Coffee break</b>                             |   |  |   |   |
| <b>10:30 - 12:00</b> | Acute NIV                                       | Transition from pediatrics to adult care                        | How, when and where should we introduce NIV in ALS patients? | Rehabilitation in long COVID                                | Caregiver training                                    |
| <b>12:00 - 14:00</b> | <b>SYMPOSIUM (90 min between 12:00 - 14:00)</b> |   |  |   |   |
| <b>14:00 - 15:30</b> | Apnea in children                               | Cardiovascular lung interactions in Chronic Respiratory Failure | Patient perspectives   | Quality in HMV: clinical objectives or monitoring sleep?    | Remote follow up in HMV: practical issue              |
| <b>15:30 - 16:00</b> | <b>Coffee break</b>                             |   |  |   |   |
| <b>16:00 - 17:30</b> | Respiratory management in pediatric NMD         | Weaning in the real world                                       | Management of central apnea                                  | Sleep and breathing in ALS                                  | Swallowing disorders                                  |
| <b>17:30 - 19:00</b> | <b>SYMPOSIUM (90 min)</b>                       |   |  |   |   |

| <b>MARCH 5, 2021</b> | <b>ROOM 1</b>  | <b>ROOM 2</b>                                      | <b>ROOM 3</b>   | <b>ROOM 4</b>   | <b>ROOM 5</b>   |
|----------------------|--|--|---|---|---|
| <b>08:30 - 10:00</b> | Doing it right: undergoing procedures when using respiratory support | Social media: friend or foe                        | Clinical trials on HMV                                  | Big Data: Does size really matter?                      | Cystic fibrosis   |
| <b>10:00 - 10:30</b> | <b>Coffee break</b>  |  |   |   |   |
| <b>10:30 - 12:00</b> | Telemonitoring   | Advances in pulmonary rehabilitation               | Multidisciplinary management of Obesity hypoventilation | Pregnancy and childbirth in Chronic Respiratory Failure | The patient experience of home mechanical ventilation: overcoming the challenges? |
| <b>12:00 - 14:00</b> | <b>SYMPOSIUM (90 min between 12:00 - 14:00)</b>                      |  |   |   |   |
| <b>14:00 - 15:30</b> | ICU Induced weakness   | Sleep in chronic respiratory failure and under NIV | Controversies in end of life and palliative care        | Future of HMV after COVID                               | Practical issues in HMV in children   |
